NAICS codes list

Vermont's creative sector economy is divided into seven segments. The following NAICS (North American Industry Classification System) codes compose the primary eligible entities for the Creative Futures Grant program.

Please contact us in advance of submitting if you have any questions about your eligibility in regard to these definitions. Applicants' work or mission must be predominantly rooted in the creative sector. We reserve the right to make final judgments on eligibility.

In some cases (noted with asterisk and explained), the NAICS code itself is broad and represents many entities, only a portion of which are creative-sector related.
