Trends in arts and cultural production: 2021—2022

In 2022, Vermont ranked 49th among all states in ACPSA value added and 21st among all states in ACPSA value added growth. Since 2021, ACPSA value added has grown 10.1 percent in Vermont, compared with an increase of 7.8 percent for the United States.

In 2022, Vermont ranked 49th among all states in ACPSA employment and 27th among all states in ACPSA employment growth. Since 2021, ACPSA employment has grown 4.8 percent in Vermont, compared with an increase of 6.4 percent for the United States.

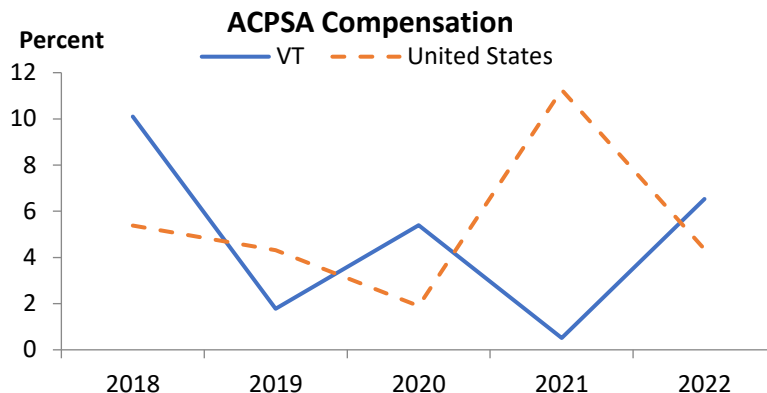

Note. BEA's ACPSA statistics are supported by funding from the National Endowment for the Arts.

Arts and Cultural Production Satellite Account (ACPSA)

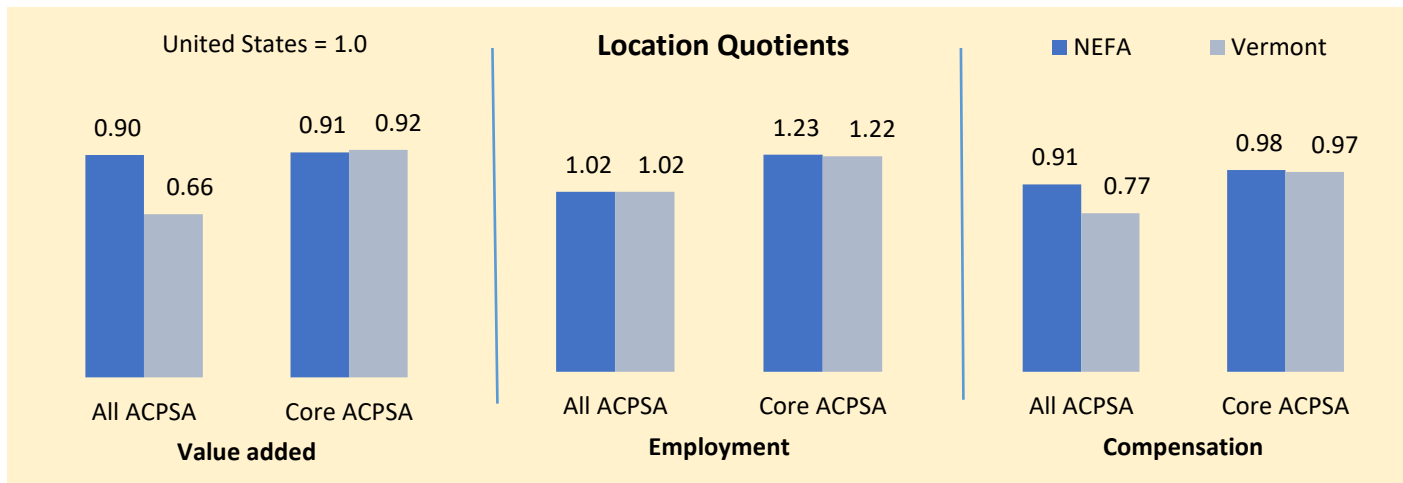

In 2022, Vermont ranked 49th among all states in ACPSA compensation and 30th among all states in ACPSA compensation growth. Since 2021, ACPSA compensation has grown 6.5 percent in Vermont, compared with an increase of 4.3 percent for the United States. Average compensation per wage-and-salary job in Vermont's ACPSA industries was \$67,010 in 2022, compared with \$72,434 for all salaried jobs in the state.

Location quotients (LQ)

- In 2022, Vermont ACPSA value added was 34 percent below the national average. By comparison, the LQ for ACPSA value added in all states belonging to the U.S. Regional Arts Organization NEFA (of which Vermont is a member) was 0.9, or 10 percent below the national average.
- As for employment in 2022, Vermont and NEFA had an LQ of 1.02 and 1.02 respectively.
- And for compensation in 2022, Vermont and NEFA had an LQ of 0.77 and 0.91 respectively.

ACPSA value added consists of the gross output of an industry less its intermediate inputs; the contribution of an industry to gross domestic product.

ACPSA employment consists of all wage-and-salary jobs in which the workers are engaged in the production of ACPSA goods and services.

ACPSA compensation consists of the remuneration (including wages and salaries as well as benefits, such as employer contributions to pension and health funds) payable to employees in return for their ACPSA work during a given year.

“Core” ACPSA industries are originators of ideas and content associated with the creation of arts and culture. “Supporting” industries produce and disseminate arts and cultural commodities.

Location quotients measure an industry’s regional concentration of value added, employment, or compensation relative to the U.S. industry’s share. For example, an employment LQ of 1.2 indicates that state’s employment in the industry is 20 percent greater than the industry’s national employment share. An employment LQ of 0.8 indicates that state’s employment in the industry is 20 percent below the industry’s national employment share.

Arts regions, for the purpose of this brief, are defined by the geography groupings for the six U.S. Regional Arts Organizations (RAOs). RAOs are nonprofit organizations that partner with their constituent state arts agencies and with the National Endowment for the Arts on planning and program delivery.

The New England Foundation for the Arts (NEFA) RAO contains the states (CT, MA, ME, NH, RI, VT).
